RBO's Good Examples

Score	Contents
0	Not recognizing pressing issues or needs
1	Recognizing pressing issues or needs
2	Identifying pressing issues or needs
3	Conceptualizing the problem itself and formulating possible solutions
4	Coordinating among stakeholders in order to reach an agreement
5	Planning among stakeholders in order to reach an agreement
6	Reaching an agreement
7	Implementing the plan
8	Monitoring the plan and its outcome
9	Evaluating the plan and its outcome

Concrete actions at Phase-1: Demonstration

Current Situation

- Some NARBO member organizations have a strong interest in IFI strategy.
e.g. Indonesia, Malaysia, Viet Nam
- Some organizations have already introduced DSS (Decision Support System) in implementation of IWRM at their river basin. How to link with existing system ?

Concrete actions at Phase-1: Demonstration

Current Situation (Continued)

Concrete proposals closely linked with their projects at field are needed.

Detail study is indispensable.

NARBO will incorporate activities based on IFI Strategy into 'NARBO Action Program' and supported by NARBO National Secretariat.

NARBO's Commitment

NARBO 6th General Meeting

22-24 February, 2017 in Jakarta, Indonesia

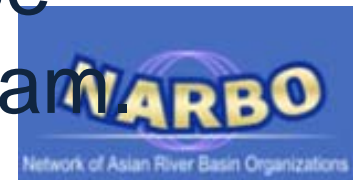

■ NARBO Action Program 2017-2019

More benefit for NARBO members through
NARBO activities

Project oriented activities collaboration with
donor organizations and international initiatives.

Activities based on IFI Strategy will be
incorporated in NARBO Action Program.

NARBO's Commitment for future actions
